Education

Bachelor of Science in Computer Science

Expected Graduation: Feb 2026

Western Governor's University

Bachelor of Science in Biological Sciences

Dec 2023

University of Nevada, Las Vegas GPA: 3.6/4.0

Technical Skills

Languages: Python, Java, Swift, JavaScript, HTML/CSS, Bash/Shell • **Frameworks & Libraries:** SwiftUI, React, Node.js, scikit-learn, pandas, NumPy, matplotlib, Combine, Core Data • **Technologies:** Git/GitHub, Linux, RESTful APIs, JSON, MVVM Architecture, AWS, Agile/Scrum • **Developer Tools:** Xcode, Jupyter, VS Code, Excel (VBA, macros), JIRA • **Databases & Systems:** MySQL, Epic EHR, NextGen, HIPAA-compliant systems • **Specializations:** Data structures & algorithms, OOP, machine learning, data analytics, system optimization • **Certifications:** LPI Linux Essentials, ITIL® 4 Foundations

Projects & Technical Experience

Workout Builder iOS Application

June 2025 - July 2025

- Architected and deployed full-stack iOS fitness application with 1,324-exercise database using SwiftUI framework and MVVM design pattern ensuring clean separation between data models, business logic, and UI components
- Implemented scalable data persistence layer with Core Data ORM achieving 50ms query latency for 100+ user workouts
- Developed reactive data pipeline using Combine framework with @Published properties and @ObservedObject wrappers enabling real-time UI updates with declarative programming paradigm
- Built configurable HIIT timer system with AudioServices integration for haptic feedback; conducted beta testing with 15 users, gathering feedback for iterative improvements following Agile methodology
- **Repository:** [GitHub - WorkoutBuilder](#)

CodePath Software Engineering Program

Jun 2024 - Dec 2024

- Completed TIP 102 and web development bootcamp with weekly algorithmic challenges
- Participated in collaborative coding projects emphasizing industry best practices

Women in Technology Program

Aug 2023 - Present

- Mentored members in choosing a major and career changes
- Led team to develop final capstone project demonstrating full-stack development

Professional Experience

Patient Services Representative/FMLA Coordinator

Aug 2024 - Present

Proliance Orthopaedics and Sports Medicine

- Administered comprehensive electronic health record (EHR) systems including Epic and NextGen, ensuring 100% HIPAA compliance while maintaining patient data integrity across multiple departments
- Optimized medical scheduling workflows using Excel, achieving a 25% reduction in patient wait times and significantly improving clinic operational efficiency
- Provided expert technical support for patient portal and digital check-in systems, resolving complex user issues and enhancing overall patient experience through streamlined digital processes

Academic Tutor

May 2021 - Dec 2023

University of Nevada, Las Vegas (UNLV)

- Delivered personalized tutoring services for undergraduate STEM courses including Biology, Mathematics, Chemistry, Statistics, Organic Chemistry, Mammalogy, Algebra I & II, serving over 100 students annually
- Maintained a 93% pass rate across all tutored students through reinforcement learning, developing SMART goals, and consistent follow-up support
